

## OUR AIRLINE PARTNERS

Travelpack has carefully selected quality airlines for travel to the Far East to ensure your maximum comfort. They offer reliability and excellent in-flight services along with flexibility, meaning you can select a holiday departure date and duration that meets your needs. The majority of flights are wide-bodied 747 aircrafts offering the very best in-flight entertainment and technology and fine cuisine. Our preferred partners offer daily departures from the UK to all the principle Asian destinations and together we create tailor-made multi centre itineraries.

### Regional departures

Travelpack is one of the biggest independent sellers of scheduled airline seats in the UK and can offer a wide range of UK regional departures.

### Domestic Travel

We too can arrange your travel within your chosen destination. Many airlines operating from the UK do offer routes within your chosen destination, although not all airlines do, therefore our team of experts here in the UK can look after this for you also, and may also be able to offer suggestions for multi-centre itineraries.

### Premium Class Travel

Extra legroom and upgraded pre and on-flight facilities can make a huge difference to your comfort, so why not let Travelpack offer a range of upgrade options at competitive prices. In addition, the quicker check-ins, extra legroom, upgraded meals, extra luggage allowance, and the comfortable lounges available to most premium class passengers allows you to enjoy the journey and arrive feeling relaxed and refreshed.

### Optional Extras

We can offer you a wide selection of airport hotels, plus parking facilities across the UK's regional and international airports. Please ask your reservations consultant at time of booking.
